To the Resident,

Have your say on the sports pavilion upgrade at Walter Galt Reserve

As part of our commitment to providing improved sporting facilities at Walter Galt Reserve in Parkdale, we're upgrading the sports pavilion to meet the growing demand for cricket and AFL facilities and provide more sporting and community facilities for the Parkdale community.

Project highlights include:

- Four new changerooms with female-friendly facilities (continuing our work to ensure women and girls have equal access to sports)
- New public toilets, umpire facilities and upgraded first aid facilities and storage areas
- Improved access to the sporting oval and car park and new pathways surrounding the pavilion
- Landscaping around the pavilion with seating and garden beds.

In addition to the pavilion works, we will be upgrading the sports light globes on Oval 1 at Walter Galt Reserve, as the existing light globes do not meet AFL minimum sports lighting requirements. We will replace the metal halide light globes with modern LED light globes, providing a better and more cost-effective lighting solution for the clubs. There will be no changes to the current light pole positions.

This \$3.45 million project is a collaboration between Council (\$2.7M) and the Victorian State Government (\$750,000).
